LB774, 1040, 681, 819, 693, 1026, 677, 651 and 923 all Select File as amended. Signed, John Cavanaugh, chairman. Mr. President, a motion on the desk.

PRESIDENT: Read the motion on the desk.

CLERK: I move to suspend the rules and go directly to Select File. Signed, Senator Marvel.

PRESIDENT: The Chair recognizes Senator Marvel. Let's tone it down, please. I realize this is Monday morning. Everyone is glad to be together again.

SENATOR MARVEL: I have another motion up there concerning adjournment but I think before we do that, I think it's absolutely necessary that we move these bills off of Select File. And so I...is the motion to suspend the rules, Vince.....Okay. Need thirty votes then to go to Select File and get those bills back to E & R for Engrossment. I so move.

PRESIDENT: The Chair recognizes Senator Waldron.

SENATOR WALDRON: Mr. President, I move to amend Senator Marvel's amendment that we go directly to General File and take up non-controversial bills and constitutional amendments. We have....this is the last time, this morning is the last time.....

PRESIDENT: Stand by.

SENATOR WALDRON: This morning is the last time we can go to General File and move bills off of General File. It'll be too late this morning. This afternoon we can take all the bills on Select File without any problem and so I don't see why we shouldn't go there. There's one constitutional amendment that we have to take up, I think, on General File. Otherwise, if we do not take it up, we could not vote on it for two more years and so I believe we should go there, take up that constitutional amendment or otherwise we'll have to re-introduce it as another resolution and try to take it out of sequence by suspension of the rules and then possibly be in conflict with the constitution in regard to handling those type of resolutions as bills which there's some disagreement on that. So I would hope....just till noon.... go back to General File until noon and then that will be the end of it. Or otherwise we'll never the opportunity to take up that constitutional amendment in the regular order, Senator.

PRESIDENT: Senator Waldron, you'll have to challenge the Chair for this one, I'm afraid, because the Chair is going to rule your motion is out of order. We're going to take up Senator Marvel's motion and then we thank you for your proposal but I'm going to rule that it'll have to be a separate proposal rather than an amendment to the original motion here to suspend the rules and go direct to Select File. Senator Barnett, for what.....

SENATOR BARNETT: That, Mr. President, was exactly what I was going to point out. And I would certainly support Senator Marvel and hope that this group does this because this would follow in line with what we did last Wednesday. Following
